

SEVEN SEAS EXPLORER®

THE MOST LUXURIOUS SHIP EVER BUILT™

inaugural season

In summer 2016 the all-suite all-balcony *Seven Seas Explorer*®, the most luxurious ship ever built, will set sail on her inaugural season around the Mediterranean. At 56,000 tonnes, but carrying no more than 750 guests, *Seven Seas Explorer*® will have one of the **highest space and crew to guest ratios** in the industry and will introduce a new category of luxury suite with the one-of-a-kind 3,875 sq ft Regent Suite, not only **the biggest suite at sea** but the only one with its own spa complete with a sauna, steam room and even heated loungers.

There are lots of amazing new features on *Seven Seas Explorer*® including a **Culinary Arts Kitchen** with 18 individual cooking stations where you can learn to create scrumptious dishes under the guidance of expert chefs.

You will also find many of Regent Seven Seas Cruises' signature dining venues, all featuring the spectacular new look and feel that really sets this ship apart.

There is certainly something to suit every taste; from succulent steaks in Prime 7, Italian favourites in Sette Mari at La Veranda, delicious multi-course menus served in the Compass Rose

main dining room and Gallic classics in a stylish new French restaurant, **Chartreuse**, which promises a touch of Parisian romance with its 'cobblestone' entrance and al-fresco-like courtyard garden.
